

LÈVORE
CHOCOLATIER

CORPORATE RANGE

THE CATALOGUE · 2026

The same chocolate, at every quantity.

Nine printed gift boxes from ₹695 to ₹1,795 plus GST —
chocolates, pistachio baklava, and custom branding on
the lid. From 100 units.

Fresh at Diwali. Just as fresh when your team returns.

Whether your team celebrates at home, in their hometowns or back at their desks, every box is made to be enjoyed whenever it is opened.

Shelf Life

3 months, every collection

Every collection stays at its best for three months from dispatch — ample time for the festival and the weeks after. The best-before date is printed on each box.

Cold Chain

Temperature-controlled transit

Sealed in high-density thermocol and shipped through temperature-controlled logistics, pan-India. It arrives as fresh as it left the atelier, and stores easily until your team is back.

Delivery Date

On the day you choose

Choose the date that suits you — before the festival, or the week your team returns. We plan everything around it.

Storing the box

A cool, dry shelf away from direct sunlight is all it needs — no refrigerator required. Each box carries its own care card, so every recipient enjoys it at its best.

THE RANGE AT A GLANCE

Nine boxes, one by one.

Indicative per-box pricing. Every box is available in custom branded presentation; final rates are quoted against quantity and finish — a dozen boxes or ten thousand.

THE ATELIER

Every box in this catalogue is made by us.

Lèvore is a manufacturing chocolatier, not a repackager. Our Hyderabad atelier runs its own tempering, filling and packing floor, with a trained kitchen team on it — which is how the five-hundredth box in an order arrives finished like the first.

- Our own production floor in Hyderabad
- Chocolatiers, packers and quality checks in house
- Every order made to your schedule, never from stock
